

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of abuse of the public trust placed in media sources.

The FCC is charged with insuring that that public trust is not abused. Sinclair is imposing its ideology on the viewers it is supposed to be serving. For our democracy and country to thrive we must have a free press, not one controlled and managed by idealogues.

I hope you will take appropriate action when Sinclair's license renewels are up for review.

Thank you.
